

## INCREASE YOUR PRODUCTIVITY

Our two Cut & Hook facilities can produce custom-made screens specific to your needs within 24 hours.

### PREMIER PRODUCTS & PASSIONATE PEOPLE

General Equipment & Supplies and General Aggregate Equipment Sales, together are the premier construction dealer in the region. We are dedicated to increasing customer efficiency and profitability with our Customer Service & Support Rep Certified plant audits, and have experts to train you on how **MAJOR** products can increase production and screen life.

Common screening problems lead directly to reduced production rates, lost operating time and poor product quality, that dictate your cost and profit per ton.

We have a strong 33-year history as a full line dealership specializing in Aggregate and Construction Equipment, Sales, Parts and Service. Our expertise and support have made us the **#1 MAJOR dealer in the world**.
